SUPREME GREENS WITH MSM - LOWEST PRICE \$29.95

Legacy Products

*"Bio-Energetic Products Creating a
Legacy of Health & Wellness"*

Legacy Products were created by Dr. Alex Guerrero, OMD, after extensive hospital research in healing terminally ill patients. He found that keeping patients in an alkaline state and supplementing them with colloidal minerals, herbs, and homeopathics that were bioenergetically active, allowed them to heal.

We also offer the new organic drink developed by Dr. Alex Guerrero called Supreme Greens with MSM. At the lowest price you will find of \$29.95. **Supreme Greens with MSM** is an enhanced and organically grown food formulation, combining vegetables, grains, grasses, herbs and antioxidants. The combination of MSM (Methylsulfonylmethane) with each ingredient enhances its own potential. Supreme Greens will balance your body's pH level while also adding proper amounts of proteins, minerals and vitamins necessary for cell regeneration.

Receiving the proper amount of vitamins and minerals is not as easy as it seems to be. Plants absorb many different ingredients from the soil, yet farmers reintroduce only a few of these when replanting, resulting in a nutritional deficiency in your average diet. Supreme Greens helps counter this deficiency with each serving equal to the nutritional value of 2 lbs. of fresh vegetables.

Cell regeneration is vital to our bodies. It takes skin 30 days to regenerate, while internal organs take up to 120 days. Without the necessary vitamins, minerals, and nutrients, our bodies fall into a degenerative state, also known as aging. Supreme Greens introduces the necessary amino acids, minerals, proteins, and vitamins to revitalize proper cell regeneration.

Sickness and disease occurs when the pH level of the cell and human body becomes acidic when the cell is normally alkaline. In an acidic environment,

disease producing levels are at their highest points. Supreme Greens will naturally alkalize your body to help combat against such disease and still leaving you healthy and feeling young.

All other Legacy products combine herbs, glandulars, homeopathics, trace salts, minerals and vitamins to target specific organ sites. Each supplement is "bioenergetically active," meaning it has a high frequency state that adds energy to the body system. Each batch is tested by Kirlian photography to ensure that it is in the required frequency state. The supplements, along with a healthy, whole food diet, keep candida, fungus and illness producing organisms from taking hold, and build the immune system and specifically resist illness.

One of the highest selling Legacy Products is MegaGREENS plus MSM, a rich alkalizing formula which helps to gently cleanse the blood and tissues from an acidic condition to an alkaline condition, reaching an ideal pH balance.

The Legacy minerals are all in micro-colloidal form, allowing them to be absorbed quickly under the tongue, and needing only a few drops several times a day. Legacy liquid colloids contain combined elements used for a large variety of deficiencies in the human body. Because they are biologically and energetically balanced, overdoses are impossible.

Another very exciting product is the Dia-Balance Pack, which stabilizes sugars in both Type I (Childhood) and Type II (Adult Onset) Diabetes. Doctors are lowering and coming off their insulin over an 18 month to 3 year period as they slowly rejuvenating their pancreatic function. A strict diet must be followed, but the diet, plus the DiaBalance Pak, MegaGREENS plus MSM, and the Legacy Minerals, are creating great excitement as even Childhood Diabetes is dramatically improving and less and less insulin is required.

Please review the different products and give them a try. We know you will be pleased with the results.
